# STANLEY CLARK SCHOOL 1958-1983

This year, the Stanley Clark School celebrated twenty-five years of quality teaching. It all started in 1958 when Professor and Mrs. L. Leary Bernard opened the Cleland School, a brand new independent school in a "little brown house" on Eddy Street in South Bend, Indiana. Mrs. Bernard and her small staff taught grades kindergarten and first. Other grades were gradually added each year, and the school found the need to expand to a larger facility. Hence, the Cleland School moved into the Moose Lodge on Jefferson Blvd. Later a move was made to the Fish Estate also on Jefferson. Eventually, in 1963, the Board of Trustees purchased the Holliman Estate at 1113 Miami Rd. They

changed the name of the school to the Stanley Clark School in honor of a prominent physician in the South Bend area. The construction was completed and the faculty and students moved in on November 9, 1965. Mrs. Bernard served as headmistress of the school until 1963, and still remains as a trustee of the school.

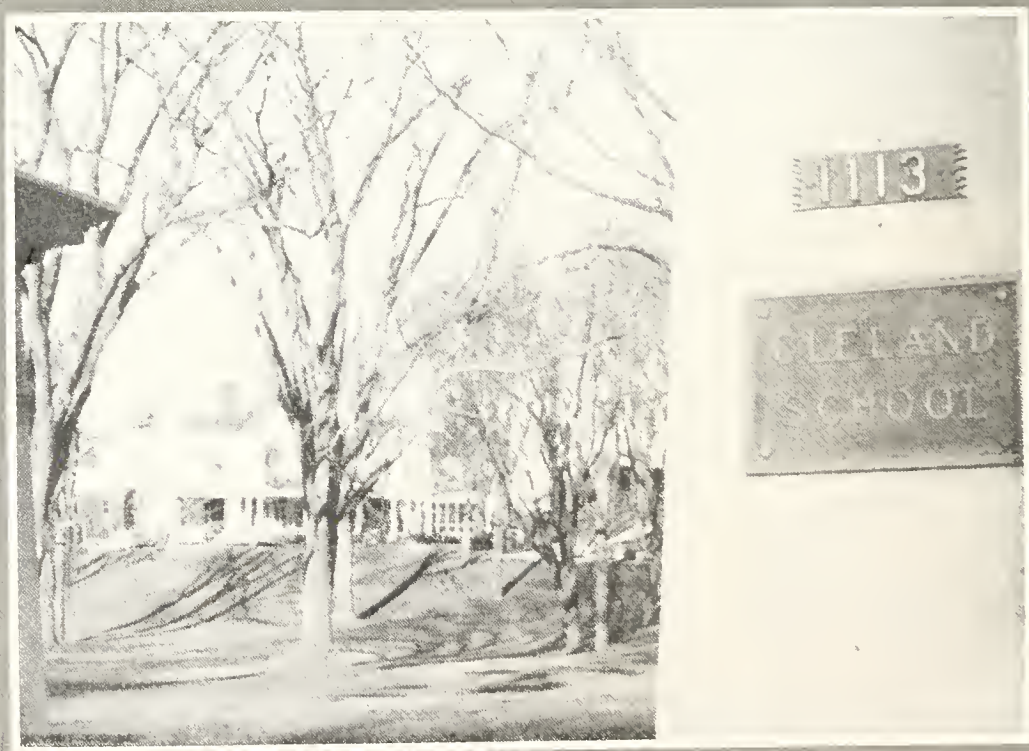

Presently, Mr. Rawson, headmaster, and Mr. Fennin, assistant headmaster, along with head of the lower school, Mrs. Erney, one of the original Cleland School teachers, continue their brand of quality teaching to grades kindergarten through eighth. And, after twenty-five years, the Stanley Clark School is still going strong!

May, 1983

To Members of the Class of 1983:

You closed a chapter in SCS history - the first quarter century - and you did it with PANACHE.

Interested in new things, you were very active not only in school but in the community. You inaugurated Fine Arts Week and you were the first to participate in the Sorghum Festival Raft Race.

The boys took soccer through its first undefeated season and the girls were champions of the first annual basketball invitational.

You were strongly individualistic with a variety of interests and abilities, yet you were also thoughtful, polite and sensitive to others.

When people looked at you, they liked what they saw. There was much dash (spirited style), some swagger (just a touch), and a lot of verve (energy, enthusiasm, vitality, liveliness, vigor).

That's PANACHE!

Sincerely,

*D.R.R.*  
Donald R. Rawson
